Merry
Christmas

Christmas, a universally celebrated festival was celebrated in a grand and colourful manner at St. Joseph's garden school. The programmes deepened the harmony and unity among the children and promoted a sense of sharing and compassion with all. From the twinkling fairy lights to the evergreen Christmas tree adorned with baubles, tinsel and a shining star, the festive spirit was brought to life by the vibrant and the glittering decorations. Santa Claus, the legendary figure synonymous with Christmas went around greeting all the children, making their dreams come true and spreading happiness around. The celebration marked the beautiful tapestry of joy, love and togetherness.

The Christmas Carnival held on 23.12.23 Saturday at St. Joseph's Garden School, was a resounding success with students, parents and staff coming together to make it a memorable event.

There were around 177 participants from different schools. The carnival had provided a variety of entertainment throughout the day like magic and puppet show. Dance, singing, art and painting competitions were conducted and it added a touch of artistry and creativity to the event. Outdoor games like XO, lemon and the spoon, ball and Santa kept the energy levels high. Food stalls were also a major highlight, offering a delicious array of treats like to satisfy everyone's taste buds. The Carnival's success can be attributed to the meticulous planning, diverse entertainment, tasty food and most importantly the collective efforts of students, parents and staff.
